Publications	-	Contains guidelines, manuals, rules, laws etc
Media	-	Contains press releases, image and video gallery
Advisories	-	Contains recently updated information about the latest happening in the world of cybercrime
Contact Us	Contains contact information/form	-

## Outcome:

CO2: Create Web pages using HTML 5 and CSS

## Conclusion:

From this experiment, I learned that designing a website is not just about aesthetics but also about creating structured, user-friendly content. By using HTML5 and CSS, I gained a better understanding of organizing

sections like headers, navigation, main content and footers to ensure a smooth user experience.
